

Wave 5 Episodes of Care

In 2017, the initiative will launch seven episodes of care:

- Breast cancer mastectomy
- Breast cancer medical treatment
- Breast biopsy
- Tonsillectomy
- Otitis media
- Anxiety
- Non-emergent depression

Where we are in the process: Design Period (Calendar Year 2016)

The Technical Advisory Groups (TAGs) met in the spring of 2016. The preview period for Wave 5 is scheduled to begin in May of 2017. The performance period will begin calendar year 2018.
